

# IBD OFM SUMMARY

Integrity Business Development, LLC

## Fuel Savings:

- Pays for itself each month with the lease program
- Increases performance and reduces emissions as well.
- Compliant and SAE tested

## Advantages of our lease program

Monthly Cost \$40—\$80

Monthly Savings \$90—\$170

Removing the capital expense produces monthly savings starting in month 1. After the lease term ends the savings are fully realized each month.

## Financial Example

Annual miles: 100,000

Avg cost of diesel: \$3.20

Avg MPG: 6

Monthly Savings 2% = **\$87.00**

3% = **\$129.45**

4% = **\$170.94**

*1000 Trucks with 3% savings = \$1,500,000 Annually*

*"I could tell the difference right away. Especially going uphill"*

*- Freightliner Driver*

## Tractors and Reefers

This product is a great fit for tractors and reefer engines alike. The unit is the same technology manufactured in a different size for the smaller engines.

*Installs in less than an hour*
